

The entering of match records onto the online system Sports Pulse is an important part of each weeks activity. Teams are required to have their match records entered into the Sports Pulse system by 11pm Sunday in accordance with the Rules of Competition Section 6.7.1 and disputes should be lodged within 72 hours to the BDSA.

All clubs must also take a photo of their copy of the official match record.

The following is a quick reference guide to the Sports Pulse System and how to load match results. Clubs should distribute this guide to all of their team managers/co-ordinators and ensure that the appropriate people have been set-up with access to the Sports Pulse system for every team entered.

## Log In
